

## **Euphonix Technical Bulletin 0603-6**

### **TransferStation Special Configuration and Nuendo v2.0 Available & R-1 Multi-Track Digital Audio Recorder Software v4.03 now Available**

**Systems Affected:**     S5     Max Air     R1\_X

**Unit's Affected:** TransferStation orders received in June and July of 2003.

**Program:** Euphonix will install a single full height back up drive or a network card of your choice at time of purchase for the cost of the device (market price when ordered).

The transfer station is now shipping with Nuendo 2.0 included.

Only customers with DX202E and DX202EE drives qualify for a preferred customer promotion.

**Units Affected:** R-1 Systems

**Procedure:** v4.03 is the latest application revision. It is available for \$995 and provided at no cost to those on one of our two service programs, and to those who have purchased an earlier version of 4.0.
